To The Woodlands Community:

The Woodlands Professional Fire Fighters Association would like to express our deep appreciation to the community for their overwhelming support of our 2009 “Fill The Boot” effort benefitting MDA. Thanks to the generosity of our public, The Woodlands Professional Fire Fighters Association was able to collect \$32,358.24 in donations during our three-day collection effort. The WPFPA would also like to thank The Woodlands Fire Department and The Woodlands Township Board of Directors for their cooperation and continued support of campaigns such as “Fill The Boot”.

100% of these collections will go to MDA to be used to fund research, services, and education for muscular dystrophy and related diseases. Some of these efforts* include:

- More than 330 worldwide research projects
- Maintaining over 200 clinics, including 35 MDA/ALS centers
- Occupational therapy, diagnostic testing, genetic counseling, and respiratory therapy
- 80 weeklong summer camp sessions, serving more than 4,300 children across the U.S. and Puerto Rico

*Information obtained from www.mda.org

Once again, on behalf of the dedicated professionals of The Woodlands Professional Fire Fighters Association, thanks to all who contributed to our successful 2009 collection effort.

Sincerely,

Jason Hearnberger
Secretary, The Woodlands
Professional Fire Fighters Association
